

28th ISDRS CONFERENCE

PhD Workshop Program

14th July 2022

Hosted at University College Stockholm, Bromma, Stockholm and online

The International Sustainable Development Research Society (ISDRS) is pleased to welcome early career researchers, including doctoral and master students, to present their work at the PhD Workshop.

This workshop aims to support early-career researchers working in the area of sustainable development by providing them with an arena for discussion of their ongoing research projects and networking with peers and senior academics.

An early career researcher attending the 28th ISDRS Conference, whose abstract was accepted and paid the conference fee, is eligible to apply to participate in the PhD Workshop.

9:00-9:30 Welcoming session (Hybrid)

- A welcoming word from the president of ISDRS Peter Dobers and the PhD Day host
- Introduction of ISDRS and New Professional Group activities (including the mentorship program)
- Presentation of Workshop Program + Practical information
- Presentation of Davor Dzaltos art exhibition

9:45-12:00 Parallel sessions (*including 15min break*) (Online & On campus)

- Several sessions run in parallel comprising 4 students' presentations each and chaired by senior academics
